Confederation of Indian Industry

INDIA DESIGN TAG AND RATING – ELECTRONIC DESIGN EVALUATION PARAMETERS

1. Purpose & Problem Definition
2. User Integration & Experience
3. Circuit Design & Architecture
4. PCB Design & Layout
5. Embedded Systems & Firmware
6. Power Management & Efficiency
7. Product Performance
8. Reliability & Durability
9. Compliance & Safety Standards
10. System Integration & Compatibility
11. Manufacturability & Scalability
12. Innovation & Market Impact
